

Poetry Writing Project
Analysis/Editing

Exchange your poem and introductory biography with a partner. Fill out a poetry analysis worksheet, analyzing your partner's writing. Discuss any questions you have with your partner, and help him/her make necessary changes. If you are unable to answer a question, discuss possible additions to the poem or biography.

When you have finished reading your partner's analysis of your poem and biography, and have made any necessary changes, write a final draft of each.
