

SUGAR SKULL FACE PAINTING INSTRUCTIONS

BY DESIREE SALAS

1. Start with a clean face.
2. Use a white paint to outline the face, cover the eyebrows and cover the face leaving the eyelids and the nose unpainted.
3. Let dry 30 to 60 seconds.
4. Using the Pretty Pedal brush apply desired color outlining eyes all the way around creating flower petals.
5. Using your 5 or 3 swirl brush (depending on what thickness you like) draw in your teeth covering your lips.
6. Using your Little Drop brush or 3 swirl brush (to outline shape) you can fill in the nose black by creating a triangle, spade, or heart shape design to your liking.
7. Using your 5,4, and 3 swirl brush you can get creative making different sized swirls, tear drops, dots, and lines to add to your sugar skull.
8. Using any matte black eye shadow and an eyeshadow brush you can fill in the eyes and create shadowing.
